CALEB UNIVERSE

London, ON. Canada | +1 (226) 504-4110 | cables97.github.io | calebuniversedev@gmail.com

OBJECTIVE

I am an experienced 3D Artist looking to utilize my skills in visual design, and digital content creation to enter into Web Development.

EXPERIENCE

Front End Developer   **Jan 2024 – Current**

Meal Maker – Work in Progress

- Designed and developed Meal Maker, a user-friendly web application enabling individuals to efficiently plan their meals for a 4-week period, enhancing meal organization and dietary management.
- Coded using HTML, CSS and JavaScript to develop features for desktop platforms.
- Implemented drag-and-drop functionality utilizing HTML5 Drag and Drop API and JavaScript.
- Leveraged DOM manipulation techniques to dynamically update meal information.
- Users can add recipes with JavaScript form verification.

Front End Developer   **Dec 2023 - Jan 2024**

Do or Drink: Web Card Game

- Conceptualized and developed Do or Drink, an engaging and interactive party game web application, providing users with a fun-filled experience by presenting them with exciting tasks through clickable cards.
- Coded using HTML, CSS and JavaScript to develop features for both mobile and desktop platforms.
- Implemented captivating CSS animations and transitions to enhance the visual appeal and user engagement
- Utilized JavaScript to dynamically generate and display random tasks from a predefined dataset

Freelance Artist   **Feb 2020 - Current**

- Collaborated with clients on cosplay design projects, bringing their characters to life with accurate and detailed 3D printed costumes and props
- Utilized strong artistic and conceptual skills to create compelling representations of client ideas, enhancing their overall brand image through visual storytelling
- Iteratively developed custom 3D printable files for clients, ensuring optimal functionality, structural integrity, and scale
